MANAGEMENT SYSTEM

Our commitment to **quality**, the **environment**, **information security**, **road safety**,
and **occupational health and safety**.

At Seven Stars we have implemented an Integrated Management System based on the key principles of the UNI EN ISO 9001:2015, ISO 14001:2015, ISO 27001:2015, ISO 39001:2015 and ISO 45001:2015 standards.

This system demonstrates our commitment to improving organizational performance. Thanks to this, we are able to focus on customer satisfaction, with a constant focus on continuous improvement, while maintaining the utmost attention to workplace safety, the environment, and road safety—areas in which we operate with increasing importance every day.

Mission & Vision

MISSION

Seven Stars' mission is to provide impeccable moving and logistics services nationally and internationally, consistently exceeding our clients' expectations thanks to our team's professionalism and meticulous attention to detail. Our commitment to offering customized and competitive solutions for businesses, individuals, and public entities always guarantees the safety, reliability, and affordability of our services.

VISION

Our vision is to make every move a rewarding experience, offering outstanding services that anticipate our customers' needs and evolve alongside a constantly changing world. At Seven Stars, we aim to contribute to the advancement of the moving and logistics sector, meeting every moving requirement on a daily basis: from residential and corporate relocations to the handling of works of art and valuable items. As a premium company, we are committed to growing dynamically and sustainably, whilst maintaining a reputation for reliability and a deep passion for our daily work.

Logistics

We use an integrated logistics system to optimise costs and improve our services. In particular, we manage the various stages of the logistics process by treating them as interconnected rather than separate processes. This approach enables us to reduce costs and offer a specialised and bespoke service.

We develop innovative logistics strategies supported by a highly qualified team operating throughout Italy. We have three logistics warehouses in Sicily (Messina - Palermo - Catania) specialising in the management and distribution of various goods. We manage logistics transport from our facilities in Northern Italy (Trecate, Novara - Milan) to the port of Palermo, distributing goods throughout the rest of Sicily and across Calabria.

We deliver your parcel the last mile with precision and punctuality.

From delivery to installation, every stage of the service is designed to offer a seamless experience free from unexpected issues. Our customers can count on bespoke solutions for **homes, shops and offices**, with a constant focus on **quality, punctuality and attention to every detail**, including delivery to the floor, unpacking, assembly, positioning and collection of packaging.

We specialize in the handling, delivery, and management of all types of goods, from furniture to medical equipment. We offer a comprehensive and reliable service, including assembly and disassembly, packaging management, and pickup of used items.

The quality of our services is our calling card.

Tracking Service

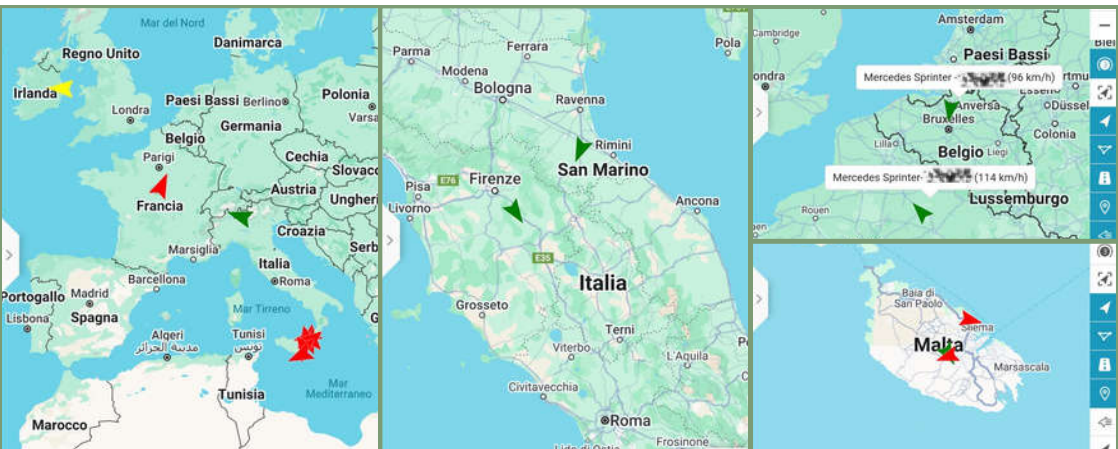

Logistics

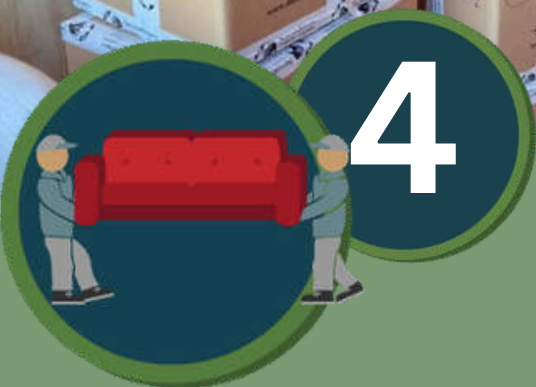

Constant, discreet and secure monitoring at every stage of the shipment.

Via a simple link accessible from a mobile device or PC, our customers can independently track the status of their shipment without needing to contact customer services, enjoying a simple, reliable and immediate digital experience.

For companies wishing to offer a real-time tracking service to their customers whilst maintaining their brand identity, we also provide a dedicated, confidential solution: shipment tracking can be provided without informing the final recipient that Seven Stars is involved in managing the shipment.

A service designed to ensure flexibility, discretion and operational continuity, with the constant support of our staff for every requirement.

Moving

WITHOUT BORDERS, FROM ITALY TO THE WORLD

International shipping is one of our strengths. We guarantee monthly shipments worldwide, with complete coverage throughout Europe, including the smaller islands

We ship by air and sea, creating custom packaging that complies with current regulations or providing specific containers customized to the customer's needs.

NON-EU DESTINATIONS

North America
South America
Asia
Middle East

FCL, LCL & Air shipment

**We don't delegate, we don't
use intermediaries.**

AIR & OCEAN

Once the goods arrive at the port, they are taken in charge by our network of qualified operators, who ensure they are transported to the destination address in accordance with Seven Stars' standards of excellence.

The service includes the complete management of the final stages, from transport to unpacking, right through to any assembly required and the removal of packaging, ensuring a smooth, safe and hassle-free experience for the customer.

We have all the certifications to enter EFTA and NON-EUROPEAN countries without customs problems

We offer an “accompanying” service: a manager dedicated to closely monitoring the entire process at every stage, from the point of origin to the chosen destination. The customer can always rely on our ‘Door-to-Door’ service, which guarantees that the item, once dismantled and packed at the point of origin, will be handled in the same way at the destination, including reassembly, unpacking and positioning.

Your moves without limits

With Seven Stars, we have created an extensive national and international network, which provides us with access to state-of-the-art facilities, specialized equipment, and a high level of expertise and experience that allow us to manage every phase of your move with efficiency and precision.

EVERYWHERE IN ITALY

We offer moving services throughout Italy, from long-distance business transportation to single-package transport. We transport up to 9,800 cubic meters of goods per month, using various vehicles.

We guarantee pickups and deliveries within 48 hours throughout Italy by land, ensuring nationwide coverage.

Today we are among the few companies to have a transit time in **less than 24 hours**

We pay attention to detail from every angle and perspective

To ensure maximum safety at every stage of the move, we develop bespoke packaging solutions, tailored to the type, value and specific characteristics of each item. For particularly fragile items or complex shipments, we produce bespoke containers and crates in our in-house joinery workshop, using materials such as plywood, fir and OSB, designed to guarantee strength and reliability for both domestic and international shipments.

For air freight, we also offer solutions that comply with IATA standards, whilst for international shipments using wooden packaging, we provide certified fumigation services in accordance with the ISPM 15 phytosanitary standard, ensuring full compliance with current regulations.

Every decision is made with precision and expertise, because protecting your belongings is the first step towards a safe and flawless move.

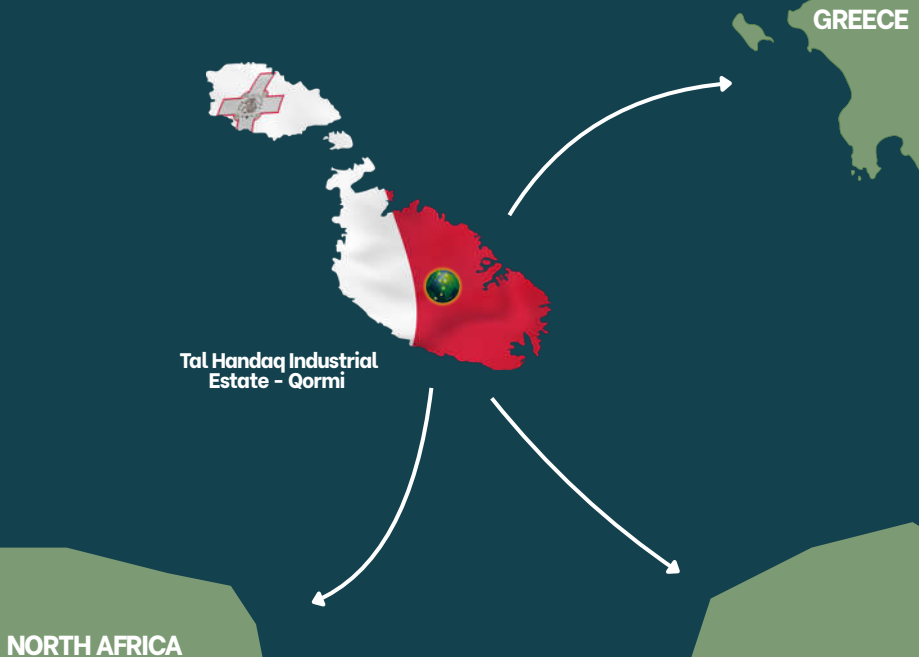

MALTA

Our strategic base in the heart of the Mediterranean.

We're not just a courier for Malta. We're in Malta. Our permanent office is your competitive advantage for operating on the island and reaching North Africa and Greece with efficiency and unbeatable costs.

We carry out transports every week with a minimum quantity of even 3 cbm!

DUBAI

Our strategic base in the heart of the Middle East.

We don't just offer international shipping. We're located in Dubai. Our permanent headquarters is your competitive advantage, allowing you to operate in the United Arab Emirates and reach the entire Middle Eastern market with the efficiency and safety of our 7-star standards.

We connect Italy to the Arabian Peninsula, offering customized logistics solutions and maximum reliability for every cargo volume!

The Hand
-1-B5, Al Quoz 1, Abdulla
Zaminpina Compound,
Dubai

Having a permanent office in Malta and in Dubai isn't just a logistical convenience; it's a strategic choice that translates into tangible benefits for our clients.

We guarantee:

More competitive prices

Direct management and advantageous taxation allow us to reduce costs and offer you rates that other operators can't match.

Reliability and presence on the territory

Our permanent teams operate directly in Malta and Dubai, ensuring continuity, speed, and a consistently available and professional assembly and logistics service.

Storage shed

Thousands of cubic meters of logistics hubs - including 2,000 m² in Malta and 3,000 m² in Dubai - are at your disposal for logistics, storage, and shipping of your goods in transit

A bridge to new markets

Take advantage of our distribution centers for your shipments to Africa, the Middle East, and Asia

Fine Art

We pay particular attention to safety when transporting and storing artworks.

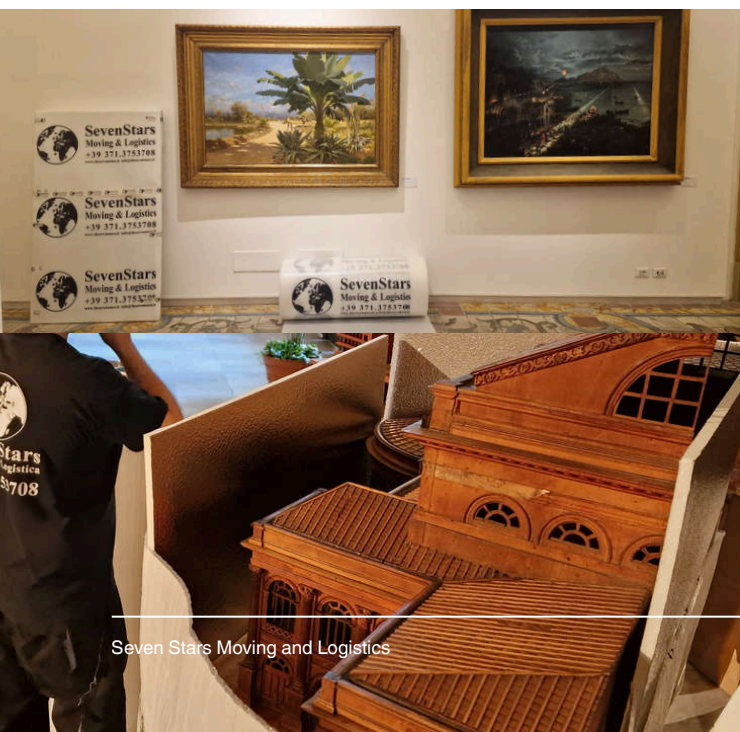

When it comes to the transport, handling and storage of works of art, every detail is of paramount importance. We have always operated in this sector thanks to our collaboration with highly specialised members of the Seven Stars team, who have extensive experience working alongside museums and cultural institutions.

Each artwork is treated with a bespoke approach, carefully assessing its characteristics, fragility, dimensions and value to determine the most appropriate methods of handling, packing and transport. We carry out domestic and international transfers, guaranteeing high safety standards and meticulous supervision at every stage of the process.

For each project, we develop customised protection solutions, including bespoke containers and crates designed to meet the specific requirements of the artwork. Where necessary, we also offer storage services in secure facilities, equipped with advanced security systems, to ensure maximum protection even during storage.

Our experience, discretion and specialist expertise enable us to handle works of art of all kinds with the care and precision that their value demands.

Your works are protected by adequate **insurance coverage**, will travel on specialized vehicles, equipped with **satellite tracking** and, if necessary, with **security service**.

Assistance from a professional restorer.

Our exclusive art transport service is enhanced by the expertise of a certified cultural heritage restorer. Thanks to his experience and expertise, we guarantee impeccable service, carefully tailored to ensure the utmost safety of the transported works.

Eviction

We're the solution for your removals needs!

Surely, at least once in our lives we've found ourselves having to manage bulky items like furniture, boxes, or old appliances that need to be disposed of, stored, and abandoned for an indefinite period. Spaces in the home, basement, or garage could be redeveloped, utilized, or transformed into functional areas.

At Seven Stars, we offer highly specialized clearance services. We handle the **transport**, **tidying**, and **disposal** of your unnecessary bulky items, ensuring environmental respect and compliance with current regulations by obtaining the necessary permits for landfill disposal.

Houses

Companies

WEEE

Storage

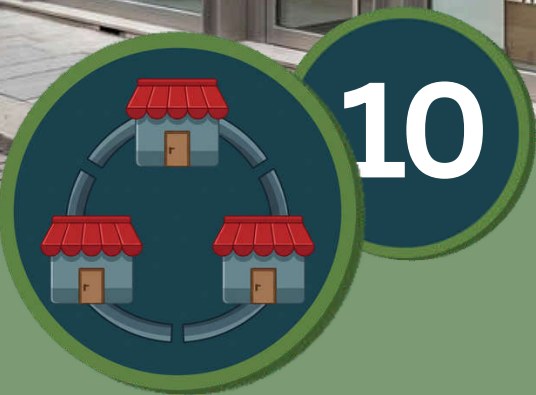

We have warehouses equipped with racks, containers, and fixed 10, 15, and 20 m³ boxes, as well as crates, packaging, and protection to ensure the integrity of the goods until delivery.

Our warehouses are designed to store a wide range of goods, including household items, small packages, medical or professional equipment, vehicles, valuable works of art, and more. Each unit is equipped with a fire and intrusion alarm system connected to a video surveillance system, located in a private and secure space. Upon request, **access to your goods is available to meet any need**, thanks to our Self-Storage concept.

Your storage at any of our branches.

Every Seven Stars branch and operational hub offers you state-of-the-art storage and warehousing facilities. Wherever we operate, we always guarantee you a secure space, managed directly by us, for the safekeeping of your goods.
